BIRRIA IS LOVE

Our mouth-watering birria is a slow-cooked beef stew, flavored with a variety of chiles and spices but most importantly it is made with passion and love. Bold yet not spicy, we pair it with cilantro, diced onions when served in a taco, with radishes and limes as condiments available to both tacos and “Ordenes” and we top it all off with a potent house made salsa (hot sauce). Enjoy a steaming hot bowl which comes with warm tortillas(6) to make your own tacos or eat as is, ensuring you get broth in every bite. Our love for Birria has also pushed us into creating some unique signature fan favorite tacos, such as: Quesataco con Nervio, Chupacabras, Quesataco extremo, quesataco no tortilla and many more. So come along eat some of the best tacos in the city and see what is all about at Ed Fernandez.

We use top grade ingredients to ensure we make you the best birria daily. We sincerely thank your patronage.
