Unilateral U.S. Move Means Others Face Parity Decisions

WASHINGTON, Aug. 15 — President Nixon announced tonight that henceforth the United States would cease to convert foreign-held dollars into gold—unilaterally changing the 25-year-old international monetary system.

How many pounds, marks, yen and francs the dollar will buy tomorrow will depend on decisions of other countries. In the meantime, there will be an inline may "float," moving up and down in day-to-day exchanges. A period of turmoil in the foreign-exchange markets is all but certain, which means uncertainty for American tourists, exporters and importers.

WASHINGTON, Aug. 15—Politicians and political economists who commented on President Nixon's speech tonight drew careful distinctions between the domestic and international elements of the package.

In widely mixed reactions they expressed somewhat greater support for the wage and price freeze than for his action on the international position of the dollar.

The Senate Democratic leader, Mike Mansfield of Montana, called the wage-price freeze "harsh but very necessary."

"I'm delighted that his patience has finally run out," the Montanan said.

Fall of Kabul (2021)

From Wikipedia, the free encyclopedia

This article is about the Taliban siege of Kabul in 2021 during their offensive. For the 2001 U.S. capture of Kabul following the United States invasion of Afghanistan, see Fall of Kabul (2001).

On 15 August 2021, Afghanistan's capital city of Kabul was captured by the Taliban after a major insurgent offensive that began in May 2021. This led to the overthrowing of the Islamic Republic of Afghanistan under President Ashraf Ghani and the reinstatement of the Islamic Emirate of Afghanistan under the control of the Taliban.

The US–Taliban deal, signed on 29 February 2020, is considered one of the most critical factors that caused the collapse of the Afghan National Security Forces (ANSF).[18][19] Following the deal, the US dramatically reduced the number of air attacks and deprived the ANSF of a critical edge in fighting the Taliban insurgency.[20]

Months before the fall, many in the United States Intelligence Community estimated that Kabul would be taken at least six months after the withdrawal of US troops from Afghanistan was completed. However,

IMPORTANT BITCOIN UPDATE: The worldwide market *collapse* remains imminent, and we have now in the DANGER TIME ZONE beginning October 26 and specifically into November 7th – 8th. Expect late this week, likely on or about Friday, the markets suddenly turn down and then *collapse* going into the US election November 7th – 8th. Something big is brewing with the cycle pointing to November 7th – 8th expected to be a pivotal time point, expect a historic market *'Flash Crash'* that freezes up likely most to all markets. This *collapse* is expected to be biblical and thus *"no man knows the **exact** DAY and HOUR"* timepoint, but we are VERY close! This *collapse* is necessary in order for bitcoin and the alternate coins to break free of the ongoing market manipulation we have witnessed for months!! Also expect a ***second event*** that causes bitcoin and the alternate coins to truly explode vertically, this ***second event*** will be the *collapse* of the US Dollar, as a possible short lived conflict breaks out with Saudi/Russian *'possibly'* ***on or about November 22-25***. See cycle chart below with the **blue arrow** pointing to today, the current timepoint, note the **BLUE ZONE** illustrating the September to mid-November Extreme Price Manipulation ZONE.

Could Bitcoin suddenly breakdown below the $19,000 support line and crash into November 7th – 8th, point 2? It could, for a ***'brief time'*** only to suddenly reverse back up vertical **on or about November 8th – 9th** and then EXPLODE vertical beginning on or about November 22 - 25 as the US Dollar *collapses*. Personally, I am doing nothing with my CORE POSITIONS I hold listed on page 2 but wait and watch, however, I have put some (not a lot) **NEW money** in the game to **play the expected drop**, not a lot of money because I do not trust the exchanges will be fully functioning during the *collapse*. I know in **FAITH** that ***incredible blessings*** are coming and begin in late November and continue into the first top expected mid January 2023 with the **Great Wealth Transfer!**

*Those more adventurous with some 'cash' sitting on the sidelines, see 'my' **SHIBA TRADE** (this is NOT trade advice) on page 3.*

Please note: Do NOT trust the markets to be open for 'normal' trading during the collapse, you should be holding a core position NOW.

Azusa Street Revival

And The Promised Revival

The Azusa Street Revival was a historic **Pentecostal revival** meeting that took place in Los Angeles, California and is the origin of the Pentecostal movement led by William J. Seymour, an African American preacher.

On the night of April 9, 1906, Seymour and seven men were waiting on God on Bonnie Brae Street, "when suddenly, as though hit by a bolt of lightning, they were knocked from their chairs to the floor," and the other seven men began to speak in tongues and shout out loud praising God. The news quickly spread; the city was stirred; crowds gathered; services were moved outside to accommodate the crowds who came from all around; people fell down as they approached and attributed it to God; people were baptized in the Holy Spirit and the sick were said to be healed. It continued until roughly 1915. (LINK1) (LINK2)

CITED EXPLICITLY IN THE BRUNSON PETITION: *"Fraud vitiates [makes void] everything into which it enters."* This is a legal doctrine established in U.S. contract law. It was first established in the case of ***United States v. Throckmorton*** and later expounded on in cases like ***Veterans Service Club v. Sweeney*** and ***Radioshack Corp. v. ComSmart*** These cases set legal precedents that any contract entered into by fraudulent means invalidates the entire arrangement, and everything goes back to the beginning.

HARLOT SITTING On The BEAST And Her DEATH In 2022!

I saw a woman (harlot) sitting on a scarlet BEAST that was full of blasphemous names, and it had 7 heads and 10 horns. The BEAST that you saw… is about *(not yet)* to rise from the bottomless pit and go to destruction. This calls for a **mind with wisdom**: the seven heads are SEVEN MOUNTAINS (hills) on which the woman is seated.

The 10 horns are 10 kings who are yet to receive their power.

Olympus Has Fallen

From Wikipedia, the free encyclopedia

Olympus Has Fallen is a 2013 American action thriller film directed by Antoine Fuqua from a screenplay written by Creighton Rothenberger and Katrin Benedikt, and is the first installment in the *Has Fallen* film series. The film stars Gerard Butler, Aaron Eckhart, Morgan Freeman, Angela Bassett, Robert Forster, Cole Hauser, Ashley Judd, Melissa Leo, Dylan McDermott, Radha Mitchell, and Rick Yune. The plot depicts a North Korean-led guerrilla assault on the White House, and focuses on disgraced Secret Service agent Mike Banning's efforts to rescue U.S. President Benjamin Asher.

3.22

The film was released in the United States on March 22, 2013, by FilmDistrict, and grossed $170 million against a $70 million production budget. The film received mixed reviews from critics, who praised Fuqua's direction and Butler's performance, but criticized the overt violence and screenplay. *Olympus Has Fallen* was one of two films released in 2013 that depicted a terrorist attack against the White House; the other was *White House Down*.

A sequel, titled *London Has Fallen*, was released in March 2016, with the principal cast members reprising their roles, and a third film, *Angel Has Fallen*, was released in August 2019.
