

THE GATEWAY PROJECT

THE GATEWAY PROJECT

VISION

We believe God is calling us to pioneer again. The Gateway Project is a new collaborative missions vision to reach 100 strategic cities in the 10/40 window. There are 8 apostolic organizations joining together to provide administration, strategy, and general oversight. In June 2022, we are launching a 'Hub' in SE Asia, which will be pivotal in the training of not only US missionaries, but also surrounding nations throughout Asia.

100 GATEWAY CITIES

There are 100 Gateway Cities in the 10/40 window where all the remaining unreached people groups can be found in or around. Our Hub will do exploratory trips to these cities, train missionaries, form teams, and develop ministry strategy for reaching these cities. We are not committed to cookie cutter ministry for each city, but devoted to seeking the heart of God and discerning what our portion is. We will plant churches. Open learning centers. Start Bible schools. Train leaders. Burn in intercession and prayer. Sending teams to the gateway cities is the overarching goal.

GET INVOLVED!

There will be numerous ways to connect with TGP: prayer, trips, giving, adopting gateway cities, and getting trained to join up with a gateway team in the nations! We call this community "Gatekeepers" and you can fill out our [Gatekeepers Learn More Form](#) and our team will connect with you.

Follow us on Instagram for stories, trips, and info.
