FAU COLLEGE OF BUSINESS

FAU COLLEGE OF BUSINESS

Named one of the “Best Business Schools” by The Princeton Review and ranked as the best business school for veterans in Florida by U.S. News & World Report, the College of Business strives to inspire students, faculty and the regional business community to innovate and make fundamental and positive changes to the way business is conducted.

Headquartered in beautiful Boca Raton, Florida, and founded in 1964, FAU’s College of Business is accredited by AACSB - The Association to Advance Collegiate Schools of Business International, a recognition that only the top 5 percent of the world’s leading business colleges have earned. FAU is among the top-15 largest AACSB-accredited colleges of business in the United States, with a comprehensive slate of interdisciplinary and professional development programs. Some of the college’s successful programs include the dual Bachelor of Business Administration, Master of Accounting Scholars Program and the Business Intelligence and Information Security minor.

In addition to a strong foundation in business education, the College of Business offers its students hands-on-courses, internships and study abroad programs to apply what they learn, expand on their knowledge and increase their marketability. Consulting projects for local firms, like those offered through the Adams Center for Entrepreneurship, also provide opportunities for direct industry experience and collaboration.

ADAMS CENTER FOR ENTREPRENEURSHIP

Named in recognition of Florida Atlantic University graduate Scott H. Adams in 2001, the Adams Center for Entrepreneurship brings students, faculty and the community together in the spirit of entrepreneurship to fuel the innovation needed to create new opportunities in the ever-changing global marketplace.

The mission of the Adams Center for Entrepreneurship at the DeSantis Pavilion is to create entrepreneurial leaders that find sustainable solutions to economic and social problems. The goal of the Adams Center is to prepare FAU students in business, science, engineering, and all disciplines who are looking to become entrepreneurs through business ownership or through venturing.

The Carl DeSantis Pavilion was established in 2001 as part of Florida Atlantic University’s College of Business, with the mission of serving as an incubator for ideas and a center of discussion and scholarly activity.
