

## **Myneand yours (Marwan Shakarchi)**

Artist

Myneand yours is an artist uninterested in definition - in fact he's confused by it. His work explores a continuing narrative seeking dialogue in the hope of stimulating curiosity about ourselves. Really he's just speaking to his younger self asking him to take a step back and consider things. His bold visual language full of colour and misleading wit seems cheerful on the outside, but is laced with dark undertones riddling the viewer into a false sense of security.

He comes from no artistic institution, has had no formal artistic training, has never participated in a residency, has refused a label, but has interned for one of the most influential street artists of our time. He exists as an anomaly.
